- j. the announcement that Baroness Sarah Hogg is to succeed Sir Christopher Hogg as Chair of the FRC from May 2010.

2.3 The Board noted that Mike Ashley completed his term of appointment as a Board member at the end of the year, and agreed to invite him to attend future meetings as EFRAG TEG Observer.

5 MG ROVER GROUP: RELATED PARTY TRANSACTIONS AND GOING CONCERN ISSUES AND IMPLICATIONS FOR ACCOUNTING STANDARDS

- 5.1 The Board gave further consideration to issues arising from the inspectors' report into the affairs of Phoenix Venture Holdings Limited, MG Rover Group Limited and 33 other companies, published by the Department for Business, Innovation and Skills (BIS).
- 5.2 The Board:
 - a. agreed that any changes to UK standards needed to be made in the context of the Board's plans for and consultation on the future of UK GAAP;
 - b. noted that the recent FRC guidance on going concern was helpful in interpreting FRS 18 disclosures on going concern;
 - c. agreed that additional disclosures on related party transactions would result in significant costs for preparers, and it was unclear whether these would be useful; and
 - d. requested a second draft response to The Inspector of Companies setting out its conclusions, to be circulated first to the ASB and once approved to the FRC Board for comment.

6 PROPOSAL FOR INVESTMENTS MANAGED ON A FAIR VALUE BASIS

- 6.1 The Board gave further consideration to a proposal submitted to the International Accounting Standards Board (IASB) by the Investment Funds Institute of Canada (IFIC), relating to when a reporting entity should measure controlled investments at fair value and so thereby be exempt from the requirement to consolidate controlled investments. The Canadian Institute of

Chartered Accountants (CICA) was seeking Board support similar to that already given by itself to the proposal submitted.

6.2 The Board noted that staff had solicited the views of the British Venture Capital Association, the Association of Investment Companies, the Investment Management Association and the Irish Funds Industry Association on the proposals.

6.3 The Board agreed:

- a. that there were circumstances in which fair value accounting for controlled investments would be more useful than consolidation;
- b. that fair value accounting for controlled investments should be supplemented by additional information on the investments;
- c. that further research was needed to define the circumstances in which fair value accounting was more useful; and
- d. that a response should be sent to CICA setting out these conclusions.
